

I am writing you on behalf of K-Love radio. I listen to it every morning on my way to work in my car. I would be at a loss without this radio station because I would be more stressed out each day without the encouragement I get through there ministry. Please do not take them off the air in my community!!

I think that if you were to take k-love off the air there might be more road rage because I know that it helps me to be calm when someone cuts me off in traffic or is doing 60 in the fast lane.

I also know that k-love helps people to connect, for instance my sister had a flat tire about a year ago, she had a gentleman stop to help her and she was listening to k-love he noticed and they got to talking. He listened to k-love all the time also and mentioned the fact that without it he would be at a loss. So as you can see I am not the only one who listens to this station there are others, and I hope that they will take time to write to you and let you know how important K-love is to us!
